Dear Mr. Jordan,

I hope you are well. Just today, I am in receipt of a letter sent to the Knollenberg for Congress Committee regarding a complaint that was filed against the committee with the FEC. The case number is MUR 6152.

I am responding on behalf of the Knollenberg for Congress Committee. Congressman Knollenberg lost the race and at this point, over two months after the race ended unsuccessfully, such matters fall to me to respond to. I was a consultant on the campaign.

I spoke to Frankie D. Hampton today to let her know that I would be responding on behalf of the campaign. She instructed me to indicate that I am responding to the FEC letter on behalf of the committee.

The complaint, a copy of which you forwarded in your packet of information, references a letter that was apparently mailed to individuals encouraging them to vote for Congressman Knollenberg last year.

This letter was not authorized by the Knollenberg for Congress Committee. The letter was not authorized by the candidate or the candidate's committee.

Therefore, I am of the understanding that the complaint does not apply to the Knollenberg for Congress Committee as this was not a communication which came from the campaign committee and/or candidate, was paid for by the campaign committee and/or candidate or was authorized by the campaign committee and/or candidate.

Should you require further information, have questions or need to reach me please feel free to do so as below. I have mailed this letter to your attention at the above address on January 8, 2008 certified mail requiring a signature for receipt.

Thank you very much. Be Well.
